### Letters

Nelita Campbell Harbison had major back surgery with fusion of 5 discs. Before complete recovery, she had lung surgery; removal of the right upper lobe. Needed 4 rounds of chemo, but all went well. Needs more back surgery. Asked that she be kept in our prayers. Says to her the big "C" word is Christ, not Cancer.

Brian and Regina Jonas Ellsworth sent a donation toward the newsletter. They said they enjoy reading it.

MHS Class of 1958, Thank you for donating a book to the Monongahela Area Library in Metro's memory. He enjoyed reading historical books. Your thoughtfulness gives great comfort. Sincerely, Flo Petrosky

From Michael Ferrari:

The doctors continue to be very positive about my overall health and outlook. While the past year presented challenges to our family, we found also that it has been a time of enormous personal and spiritual growth. The expressions of love and blessings we have received daily from our children, grandchildren, friends and colleagues have been true gifts that have exceeded any discomfort or anxieties experienced along this journey.

I am sorry that I will not be able to attend the MHS Reunion in September, but I know all will have a terrific time.

**Harry Johnson**  
(part 2)  
**By Ron Paglia, For the Valley Independent**  
**Thursdy, May 28, 2009**

Harry Johnson also was an assistant football coach for several years at Monongahela High before stepping aside when his twin sons, Bob and Bill, moved up to the varsity in 1957.

He also was credited with starting the first youth basketball program at the armory on Second Street and served as director of summer recreation programs at the Westminster, Lincoln and Hillcrest playgrounds. He held the recreation duties for 14 years.

"We couldn't wait for the playgrounds to open in the summer and we were sad when they closed just before school started,' Bob Johnson recalled. "I remember some of the great people who ran the programs were Hazen Neil, Tom Barbero, Mrs. Kathryn Doran Youngst and Elmo Natali."

Other close friends included Harry Sickels, Harry "Yi" McCurdy, Bill Parkinson, Clair Brown, Bap Manzini and Floyd France.

"The were great men who were dedicated to the people of Monongahela and the Mon Valley," Bob Johnson said. Harry Johnson helped head coach Cliff Carlson and his assistant Lou Resovich organize the first basketball team at Carroll Junior High School in 1955. Bob and Bill Johnson were on that team.

"Dad just enjoyed being involved with sports," Bob said. "Mr. Carlson and Mr. Resovich were excellent coaches and it was great playing for them."

Bob also said his father "helped many young people" get into college with the help of his uncle, Bob Davis, a Monongahela High and Penn State graduate who played for the Pittsburgh Steelers from 1946 to 1952. Among them were Fred Cox, a star at MHS and Pitt whose NFL career with the Minnesota Vikings spanned 14 years.

"Dad drove Fred home after basketball practice and also took him to basketball games at the old Pitt Field House when Pitt was recruiting him for football," Bob recalled.

Harry retired in 1975 after 41 years as a teacher.

He and his wife, the former Sarah Davis Johnson, were married 44 years before her death at age 64 on Nov. 7, 1980. Mrs. Johnson also was a teacher with 27 years of service in the Monongahela and West Jefferson Hills school districts. She also was well known as the talented and inspiring organist at First Presbyterian Church of Monongahela for 27 years.

In addition to their sons Bob and Bill, who lives in Canfield, Ohio, the Johnsons were the parents of a daughter, Carol Johnson Milesky, of Finleyville.

Harry Johnson was living with his son Bob at the time of his death on Dec. 12, 1995, in Western Reserve Care System in Youngstown, Ohio. He was 86.

A lady goes to the bar on a cruise ship and orders a Scotch with two drops of water. As the bartender gives her the drink she says, 'I'm on this cruise to celebrate my 80th birthday and it's today...'

The bartender says, 'Well, since it's your birthday, I'll buy you a drink. This one is on me.'

As the woman finishes her drink, the woman to her right says, 'I would like to buy you a drink, too.'

The old woman says, 'Thank you. Bartender, I want a Scotch with two drops of water.'

As she finishes that drink, the man to her left says, 'I would like to buy you one, too.'

As he gives her the drink, the bartender says, 'Ma'am, I'm dying of curiosity. Why the Scotch with only two drops of water?'

The old woman replies, 'Sonny, when you're my age, you've learned how to hold your liquor. Holding your water, however, is a whole other issue.'

We Remember Elvis Fan Club  
by  
Priscilla Bartko Parker

The We Remember Elvis Fan Club was formed in 1982. Our purpose is to keep the memory of Elvis Presley alive, which we have done through our works of charity. For 29 years I have organized our Spring Festivals. In the early years we called them conventions. We have done bus trips to Graceland and for the 29 years I have done the fan club's newsletter.

Our festivals are fun but the main purpose is to raise funds for our charity projects. For more than 15 years we have supported the West Penn Hospital's Burn Unit. We also support sending a child to West Penn Center's Summer Camp. The Camp is free to all children who have been patients in the Burn Center.

In 1989 we established the Elvis Aaron Presley Visiting Fellowship at the Burn Unit. This Fellowship is to bring doctors and medical personnel to Pittsburgh to study the care and follow-up care of burn injuries. Participants return to their home countries and share the latest techniques in burn care. Participants have come from as far away as Turkey, Italy, Israel, and Argentina, just to name a few. To date we have had 22 visiting fellows study at West Penn Hospital's Burn Unit. We will welcome a doctor from Brazil sometime this summer. Other charity projects include making a donation each year to the Elvis Presley Memorial Trauma Center in Memphis. The trauma center was established in 1983. Since the year 2000 our goal has been to match the year: 2000 with \$2000.00 and so on. We have reached our goal for the last 11 years. We also collect food at our gatherings for a local food bank and pennies for Children's Hospital's Pennies from Heaven project.

To date we have 500 members in our Elvis club. At one time, before the internet, we had 1150 members. Members are from the United States and some as far away as Japan and Australia. Our annual dues are \$15.00 for new members and \$12.00 for renewals. I do our newsletters 4 times a year. In the beginning it was 6 times a year. This is how we keep in touch with members.

Through the years we have been asked why we do what we do. Elvis was a very generous man and he is our inspiration to give to others. We are just carrying on where Elvis left off. We don't mourn the death of Elvis, we are celebrating the life of Elvis Presley.

Through the years I have met many of Elvis' family and friends, including Priscilla Presley. I was there when the Elvis stamp was revealed and in Memphis for the first day of issue of that stamp. These are memories I will never forget. I will carry on as long as the Good Lord is willing and that creek don't rise!

The Western Pennsylvania Hospital Foundation nominated the We Remember Elvis Fan Club as the Association of Fundraising Professionals, Western Pennsylvania Chapter, 2008, Outstanding Philanthropic Organization for National Philanthropy Day. We didn't win but it was an honor to be nominated.

I hope you enjoy reading about the fan club. It's a lot of fun and I have had the opportunity to meet great people since 1977 because of my love for Elvis. Don and I celebrated our 50th anniversary on April 23, 2010. We look forward to many years together, remembering Elvis with pride and dignity.

## Monongahela '58 Grads Transcend Time, Many Miles.

By Ron Paglia for The Valley Independent

April 21, 2011

Monongahela High School's Class of 1958 won't have another traditional reunion for two years.

But thanks to efforts spearheaded by Norma Mountain Haywood, Bob Roule and Dennis Yerkey, class members won't have to wait until 2013 to learn what's going on in their lives.

"It was suggested after our 50-year reunion that, since classmates contributed memories and photos so well to the souvenir book, perhaps a newsletter would be well received," Haywood said. "Many of our class members still live in the Mon Valley but others live elsewhere across the country and a newsletter is a good way to keep everyone up to date."

Haywood is one of those who lives outside the Mon Valley. A retired pharmacist, she makes her home in Burghill, Ohio. She serves as co-editor of the newsletter with Bob Roule, a longtime writer and retired newspaper editor who lives in Durham, N.C.

Dennis Yerkey, who lives in Jefferson Hills, assists with articles and is in charge of printing, while Priscilla Davis Webb directs database maintenance.

"It's the magic of modern technology," Haywood said with a knowing smile. "We stay in touch and work on the newsletter via emails. Our reporters — contributing editors, if you will — are anyone and everyone who wants to submit stories, news items, photos or anything else.

There's no reason to wait every five years to stay in touch, and we really don't limit the news to the Class of '58. Our class is a very tight-knit group and we enjoy reading about our hometown and others who were such an important part of our lives."

The newsletters include information about birthdays, anniversaries, deaths, the arrival of new grandchildren and great-grandchildren, retirements and other items.

"Obviously, the newsletter keeps people in touch with friends and with people they might have only known by sight in their high school years," Roule said. "We were told - repeatedly - that we were the worst class ever to attend Monongahela High. That helped forge a bond that keeps most of us together. What might not be as obvious, but probably more important, is letting people stay in touch with their roots.

"Whether we live in New Mexico, the Carolinas, New England, Washington or Florida, we all have fond memories of growing up in the Valley. If only briefly, the newsletter takes us back to that time. And that ain't bad."

The most recent Class of 1958 Newsletter - a six-page edition - is a prime example of the concept.

The lead story focused on the graduates' collective 70th Birthday Bash at Hey Andy's restaurant and sports bar in Monongahela.

"Septuagenarians and will-bes met for fun, food and fellowship," Roule wrote in his account of the gathering.

"Sandwiched between chitchat about past accomplishments and future plans, many of the group took time to catch snippets of the Steelers-Tennessee Titans football game on tv. Following a buffet dinner, the classmates sang 'Happy Birthday' and enjoyed a delicious birthday cake that had a Greyshock's Bakery type pineapple and nut filling."

Classmates were encouraged to submit funny senior sayings in advance of the party, Roule recalled. Taking top honors in the competition was Richard "Bucky" Hyslop. Linda Gayhart Heimbuecher and Colleen Gavaghan Christy tied for second and Max Webb, husband of Priscilla Davis Webb was third. In his winning entry, Hyslop said, "At age 70, my wife had a GPS installed on the lawn mower tractor to make sure I could find my way home."

Former teacher Mrs. Jeanne Turri Tucker was a special guest of the class and was presented with the table decorations created by Marge Hunter.

Roule noted that classmates traveled from as far away as Delaware, Florida, North Carolina, Ohio, Oklahoma, South Carolina, Virginia and West Virginia to attend the festivities.

Drawing applause for their work as the event committee were Yerkey, Haywood, Webb, Judy Martin Leach, Beatrice Christina Bradford, Thelma Wilson Lutes and Robert and Marge Hunter. Leach served as chairman of the reunion committee.

Response from classmates was very positive.

".. birthday bash was great," Linda Heimbuecher said. "We should do things like that more often. It was so casual and everyone was so friendly. As usual, all (on the reunion committee) did a great job. Hopefully, more will see how nice it was and attend our next one. Let's face it - we aren't getting any younger. No matter how many or how few we have, we will have fun."

"As usual, the committee did a great job," Connie Mamie Vlah wrote in her newsletter note. "It's always wonderful getting together with our classmates. We really had special people in our class.?"

Brian and Regina Jonas Ellsworth also offered appreciation and made a monetary contribution toward production of the newsletter.

Other news in the current edition of the newsletter includes but is not limited to these items:

- Duane and Patricia Hillman Peters celebrated their 50th wedding anniversary on April 11, 2010.
  - Yerkey was elected national president of the OX5 Aviation Pioneers at the group's 55th annual reunion in Dayton, Ohio. The OX5 is a historical aviation club that comprised 1,500 pilots and historians.
  - James and Rose Marie Ambrose Donovan have welcomed a new grandson into their lives. Zachary, who weighed in at eight pounds, two ounces, is the son of the Donovans' son, Joe, and his wife, Kerianne.
  - Part One of a two-part feature on the late Harry Johnson, longtime Monongahela High coach and teacher.
- The newsletter also includes color photos of the 70th birthday bash.

Previous newsletters have featured similar news as well as pictures (current and archives). All of it is very informative and nostalgic.

Another publication of note is the souvenir program book from the Class of 1958's 50-year reunion on Sep. 12-13-14 at the Holiday Inn Meadowlands.

Enhancing the distribution of the traditional book was a commemorative DVD of the reunion celebration. It was produced by Yerkey and funded by classmate contributions. The book and the DVD, which was made available to classmates, include photos from the group's past such as elementary, junior high and high school days; businesses in the Monongahela area; memorable events and recollections of the classmates. Haywood compiled the photos. Class of 1958 officers were Samuel Marra, president; James Ellis, vice president; Judith Martin, secretary, and George McFeely, treasurer. William Ermlich was the faculty sponsor. The reunion book also recalled that the class colors were red and white; the yearbook name The Flame; the class mascot a wildcat and the school newspaper The Red & White Review.

"Teahouse of the August Moon" was the theme of the 1958 prom and the class play was "Ring Around Elizabeth." The book also is filled with such fond memories of Yesteryear by the classmates as these:

- Regina Zatorsky Clingerman - "Running down the path to Martello's for a 25-cent burger and a cherry or vanilla Coke and hoping you didn't get caught!"
- Judy Solomon Russell - "I can remember when Eat 'n Park opened in Mon City and I was one of the first carhops that had been hired. Of course Frankie's was the favorite hangout, footlong hotdogs out of this world."

We'll offer more of those myriad recollections in a future column.

"The (reunion) book files are of particular enjoyment because there are so many great memories from from our classmates," Haywood said. "The book was Dennis' idea. It just kept growing until he needed help getting everything together. Bob and I begged for memories and pictures and Bob edited everything as it went in. Dennis did everything else. Priscilla Davis Webb and Mary Ann Pohle Walters did the final proofreading. It was a labor of love - a project that took hours and hours but was well worth the effort because of the reaction of the classmates."

Yerkey offered similar comments.

"The reunion and book committees worked quite hard on these projects," he said. "The men were outnumbered and also outworked by the women. We have some very organized ladies in our class that can carry through on a job. They did most of the detail work. We had some great luncheon meetings. Bob Roule missed out on the meetings but contributed so much via email."

Typical of the reaction to the reunion book were these comments from the Donovans: "The book is something to keep in our hearts." "You did an especially wonderful job on the book," John Allen said. "Thanks again for all of your time and effort. We all owe you." Charlene Pezzoni said the book was "... awesome. I kept thinking of all the work that went into compiling such a project. I loved the old photos of school, downtown, Frankie's, etc."

The Class of 1958 also took the lead on organizing and presenting a successful reunion of Monongahela High School graduates from the decade of the 1950s. More than 500 alumni took part in that gathering.

Roule offered a "Message to the Alumni" in the 50-year reunion program book that might well sum up the spirit of that group of Monongahela High graduates and all of their counterparts over the years.

"Following those personal pathways has brought us to milestone 50, where we have an opportunity to re-establish old ties and relationships and perhaps to evoke a little nostalgia," Roule wrote. "It's also a great time to review what we have accomplished. If we take stock of ourselves, we know full well who we are. We are competent, productive, efficient, persistent, open-minded, generous, independent, energetic, active, motivated, self-assured, enthusiastic and committed to our goals. There are more roads to explore, promises to keep and miles to go before we sleep."

Among those goals are staying in touch and perpetuating the closeness and character of the Class of '58.

Anyone and everyone sharing that mission with information for the newsletter should contact Roule, Haywood or Yerkey.

## The Mononghela Historical Society

The Monongahela Area Historical Society has been greatly updated thanks to grants, fund raisers, increased membership and donations. We have established a state of the art museum at 230 W. Main Street where 150+ years are at your fingertips.

Presently, a team is putting together a pictorial book of our historic city. We are in need of any photos of families, buildings, school pictures, or any events that you can share to enlighten both young folks and elderly of our past. Just bring the photos into the museum, they will be scanned and you can take your keepsakes with you. Photos can also be mailed electronically to [roy1103@comcast.net](mailto:roy1103@comcast.net) for the museum.

We also have gift section where one can purchase interesting items of the past plus Westerwald Pottery inscribed with "Monongahela" that make excellent gifts for those who have moved from the area. Coming very soon is our society cookbook.

If you wish to donate or lend items significant to the area they will be quite welcome. There is an ongoing and changing display at all times. Fundraising is necessary for the MAHS to cover our monthly overhead. Also, memorial remembrances are greatly appreciated.

New members are greatly welcomed. Our annual dues are \$15.00/person, \$20.00/family. Meetings are held on the fourth Thursday of each month at the Presbyterian Church Social Hall at 6th and Main, Monongahela at 7:00-9:00 PM. Meetings are interesting and informative often featuring fascinating speakers.

Museum hours are Wednesday-Saturday 10:00 AM-2:00 PM. Admission is free to all visitors to the site.

John and Joy Bellicini

If you don't think every day is a good day, just try missing one.

Have you noticed that stairs are getting steeper. Groceries are heavier. And, everything is farther away. Yesterday I walked to the corner and I was dumbfounded to discover how long our street had become!

And, you know, people are less considerate now, especially the young ones. They speak in whispers all the time! If you ask them to speak up they just keep repeating themselves, endlessly mouthing the same silent message until they're red in the face! What do they think I am, a lip reader?

## MHS PHOTO WEBSITE

**The MHS website with reunion photos, etc. is closing. Dennis Yerkey is in the process of finding us a new site. I will email the url for that site once it is established.**
